

Life Flight Insurance – It May Just Save Your Life!

Our clients and friends spend much of their free time riding the open road. MaxPower Law had some family and friends who experienced medical emergencies outside of the city, and it got us talking about a little-known thing called **Life Flight insurance**. Medical emergencies and accidents can happen everywhere! When you venture out of any metropolitan area it can jeopardize your chance of survival when experiencing a serious medical emergency.

Life Flight Network is a nonprofit air medical transport service. They have helicopter, fixed-wing, and ground ambulance bases throughout Oregon, Washington, Idaho, and Montana. Life Flight Network offers an annual membership that provides benefits for you, your spouse, and dependents for as little as \$65 a year! The Life Flight Network can quickly dispatch an emergency transport team and provide ICU-level care during transport of seriously injured

patients from the scene of an emergency or from one hospital to another. When you are a member, there is no out-of-pocket cost for medically necessary emergency flights.

If you like to be out on the open road or just like spending your time outside of the city, we highly recommend looking into this coverage. The cost is minimal considering it could be a life-saving necessity for you and your family! More info at www.lifeflight.org.

Do You Even Adventure Ride Bro?

BY MAX MEYERS

Do you know what an Adventure Motorcycle is? They are more commonly known as dual-sport motorcycles – meaning they can be ridden on pavement and dirt at any time. Shelly and I were outside Leavenworth in Plain, WA the last weekend of June for the Touratech Rally. The rally was a 4-day event with daily rides on logging roads surrounding the area. There were 12 rides from beginner to advanced routes depending on your experience level. Plus, all kinds of classes to improve knowledge and riding skills. We were in ear shot of these classes and learned some good first aid tips, bike handling tips, and how to fix a flat in the bush for both tube and tubeless tires. It was a fun event and if you're into dual-sport riding you should definitely attend the rally next year.

Fun at Northwest Harley-Davidson's Big Bad Bike Show!

Check out these cool bikes! It was a great day at the Annual Big Bad Bike Show at Northwest Harley-Davidson on June 15th.
